

SEMINAR TOPICS

DRY EYE DISEASE: LIDS, INFLAMMATION AND MANAGEMENT

(COPE 21654-AS /1 hr OLDPAC)

Dry Eye Disease comprises several distinct clinical entities. Each type of dry eye has specific signs and symptoms and should be managed in a tailored approach. The impact of allergy and non-prescription therapy are discussed.

PREMIUM IOLS: "DON'T YOU JUST LOVE 'EM?"

(COPE/1 hr IOB pending approval)

Dr. Brad Black will cover the various premium IOLs including patient selection and post-operative care. Tips and tricks for post-op management will also be covered.

"THE GREAT DEBATE" – TORIC IOL VS LRI

(COPE/1 hr IOB – pending approval)

When to choose a toric IOL vs a limbal relaxing incision will be covered by Dr. Brad Black. He will give guidelines on discussing these options with your patients as well as what to look for post-operatively.

NEW DEVELOPMENTS IN ANTERIOR SEGMENT TREATMENT AND SURGERY

(COPE 26406-PO/1 hr OLDPAC)

In the ever changing world of cornea, Dr. Francis Price, Jr., will update optometrists on the latest surgeries for Fuchs' dystrophy and keratoconus. He will also bring you up-to-date on new treatments for a variety of anterior segment disorders.

HOW TO BUILD A SUCCESSFUL DRY EYE PRACTICE

(COPE 28815-AS/ 2hrs OLDPAC)

This talk will offer a practical and common sense plan for incorporating dry eye treatment into clinical practice. Dr. Todd Zelczak will focus on increasing treatment success and compliance through better patient communication.

CONTACT LENS OPTIONS FOR IRREGULAR CORNEAS; ALTERNATIVES TO RGPS

(COPE 28763-CL/1 hr IOB)

Gas permeable contacts have always been the gold standard in vision correction for patients with irregular corneas. Dr. Marsha Malooley will take a deeper look at alternative contact options for KCN, pellucid, and irregular astigmatism.

ABOUT US

The Cornea Research Foundation of America (CRFA) is a nonprofit 501(c)(3) organization dedicated to giving people back the use of their eyes through research, innovation, service, and education. Founded by Dr. Francis Price, Jr., more than 20 years ago, the foundation is a world leader in ophthalmological research specializing in diseases and conditions of the cornea.

Please consider CRFA when making your charitable giving decisions so that it may continue its life-changing work. Go to www.cornea.org and click on "Donations" to partner with the foundation in research that will restore people's sight.
