

Marianne O'Connor Price, Ph.D.
Director of Research and Education

Dr. Marianne Price joined the Cornea Research Foundation of America in 2002 as director of research and education. She directs the research and education programs of the Foundation, overseeing a budget of \$400,000, and supervising the daily activities of four professional staff members.

Dr. Price and her spouse, Francis W. Price, Jr. M.D., jointly publish an average of seven articles annually in peer-reviewed clinical research journals and conduct a minimum of 12 research studies annually. In 2007, they will also have coauthored five book chapters.

A respected scientist, Dr. Price was previously employed as a project manager and senior project engineer for Union Carbide. She is a sought after speaker and published author, a member of the American Academy of Ophthalmology, the Association for Research in Vision and Ophthalmology, the American Society of Cataract & Refractive Surgery, and Ophthalmic Women Leaders. She also serves on the board of directors of Prevent Blindness Indiana and on the research committee of the Eye Bank Association of America.

Marianne Price, Ph.D. holds a bachelor's degree in engineering science from the University of Notre Dame, and both an MBA in finance and a doctorate in medical and molecular genetics from Indiana University.
